There is no god but Allah. Muhammad is Allah's Messenger.
Peace and Allah's mercy and blessings be on you.

My dear brother Aba al-Ayyubi, the courageous, the ardent, and the brave,

Before the start in our talk let us praise Allah and supplicate to Him in these experts of what was written by the brother Al-Zubayr Muhammad, may Allah forgive him and house him in His highest vast dwellings:

O Lord O Revealer of the Book and O Mover of the clouds and O quick in judgement and O defeater of the parties defeat the Christians and Jews who are fighting Islam and the Muslims O Lord defeat them and shake them O Lord disperse their unity O Lord place conflicts in their opinions O Lord subdue the unbeliever countries that are fighting Islam and the Muslims O Lord send upon them the fierce winds and the deadly hurricanes and the various diseases O Lord sink down the ground with them O Lord down their airplanes O Lord destroy their destroyers.

O Lord truly Muslims have from the distress and the injustice what we do not complain about except to You Allah the Patient the Mighty Lord of the great throne Lord of the heavens and the great Lord of the earth

Now then,

How happy I am to know your good news and read your sweet words and be reassured of your loyalty to the religion and to the Messenger our Prophet, Allah's blessing and peace be upon Him. Truly your expressions are strong and assuring and your longings are noble. For in this wicked generation, it refreshes me to know a young man in the prime youth who yearns to support the religion and the jihad for the sake of Allah. And truly as you said that truly our gathering is a miracle from Him, the Almighty. How not when already our thoughts agreed and the honor of our Prophet, Allah's blessing and peace be upon Him, became dear to us, and we decided to obey our Lord and our Prophet, Allah's blessing and peace be upon Him, in the thought and the speech and the act and the jihad. Enough extortion of the honorable Jerusalem and extortion of our lands and our wealths and enough desecration of our holies on the part of the Jews and the Crusaders, may Allah curse them.

My brother, after your clear declaration of your joining us, you became one of us now on the road of the jihad, equal in the value and the importance to Allah and to us. So as the Sheikh Sab'awi al-Hasan said, may Allah elevate his face:

The believer to the believer is like a structure that pulls together. Add to this that you are truly smart and the quick-witted and in you [UI] the true Mujahid since you truly are moving away from the filthy Internet world and you try the disguise and take the precaution. I also was already reassured by your citation of the heavenly verses and the sayings of our Prophet, Allah's blessing and peace be upon Him.

Remember O my brother that you truly are in the best place that every Mujahid wishes to reach which is none other than your presence behind the ranks of the enemy and within the home of the greatest devil. You know my intention.

My dear, let me now touch on some of the points about which we communicate and so that we can prepare for my meeting or the meeting of a brother who will prepare for my meeting with you.

Firstly concerning informing you about the appointed time so that you take leave from the work, do not worry for we will specify the meeting day and hour and give you the sufficient time, Allah willing. On our part we long to meet you in person at the nearest suitable time and according to what Allah facilitates for us so it is possible that we are able to secure [UI] one of the brothers to meet you shortly after about two weeks and that does not conflict with the visit dates of the father that you mentioned to us. My question to you is there a day and a time of the day or the night you prefer to meet in it. We will try to the extent possible to meet in suitable time and day. We will specify the appointed time soon Allah willing.

As concerning the place of the meeting so I thank you much for the tempting invitation to visit you in the place of your residence. We stay away from such [UI] due to the protection and the precaution and perhaps some will notice you and ask you about the subject or a person may come to visit you suddenly. We will choose a place in one of the cities that you told to us about them. In this way we will be able to visit and talk freely.

You said that the Jordan Pilot account is the only one that you use and that you avoid the filthy Internet world. I commend you for avoiding the corruption within the home of Satan. But O my brother praise Allah who exploited the infidels to serve the Muslims and permitted for us to use their possessions and their inventions for the sake of Allah, Almighty. Did He not say in His book these beautiful verses:

"Eat then of the lawful and good (things) which you have acquired in war, and be careful of (your duty to) Allah; surely Allah is Forgiving, Merciful."

"And He made you heirs to their land and their dwellings and their property, and (to) a land which you have not yet trodden, and Allah has power over all things."

"And many acquisitions which they will take; and Allah is Mighty, Wise."

Because of the caution then, I urge you O my dear to give me at least one alternative electronic account other than Jordan Pilot and to choose a password that is personal and easy for you. Do not inform us of the password for we need your alternative address only to contact you in an urgent case.

Good that your telephone is prepaid and not registered in your name. This is from His arrangement be He exalted so that the enemy is not able to know the owner of the device. Do you not see His superior care and His everlasting planning? We will never talk to you on it to discuss the matters of the jihad. We may use it the day of the meeting or what is before it to verify the specified place and time or in case of emergency concerning the appointed time only. Then my dear, what is the most suitable time of the night or day during which you will be alone and awake in order to talk with you. Also before the talk over the telephone we will correspond by e-mail to specify the details of the meeting.

Your competence in using the computer may be useful and you are displaying caution in using the computer of another brother. But since the computer is not in your possession always then this worries me somewhat. At the meeting we will talk about other more secure choices in this field.

Lastly O my brother and until the time for the severe strike comes, by the help of Allah, walk the conduct of the disciplined Mujahid as you are doing now: Adhere to the silence and the disguise and do not break the laws of the country so you do not have a file at the enemy intelligence.

I hope to hear from you soon and I wish you a happy meeting with the noble father.

Your brother: Rafiq
